SVERIGES MILJÖMÅL

isar de statliga insatser som gjorts under 2021 för att uppnå miljörnålen. Hela samhället behöver öka takten i miljörabetet om vi ska nå uppsatta mål till år 2030. Trenden för fern av n har en positiv trend.

Generationsmålet är ett övergripande miljöarbetet på alla nivåer i samhället.

Etappmålen ska göra det lättare att nå generationsmålet och miljömålen och identifierar en önskad omställning av samhället.

Etappmålen

Q.

#### Sveriges 16 miljökvalitetsmål

Sveriges 16 miljökvalitetsmål beskriver det tillstånd i den svenska miljön som miljöarbetet ska leda till.

#### Fördjupad utvärdering av miljömålen 2019
