

Quality declaration - Conference Centre - COVID 19

In order to guarantee the health of everyone, BluePoint has taken a series of measures to maintain social distance and limit the movement of participants within the building. We have also developed a new catering concept, adapted our room service and increased the intensity of cleaning to guarantee a safe and high quality service.

Thank you for your understanding and cooperation, the BluePoint team

Access

- Separate entrances and exits to limit the crossing of persons
- Plexiglas protection for reception staff
- Disinfecting hand gel at reception and in each meeting room

Registration process participants

- Contactless participant registration
- Distribution of the list of participants via email (if possible)
- The use of individual badges and/or goodies is not recommended

Room layout

- Room layout in accordance with social distance standards (minimum 1.5m between each participant)
- Removal of desk pad, ballpoint pen and paper in the rooms
- Removal of cloakrooms (racks and coat racks) in the rooms
- It is recommended to remove standing tables that do not allow social distance to be respected and to use privatized outdoor spaces

Hygiene measures for staff and participants

- Wearing a mask is mandatory for staff who come into contact with our guests.
- Disposable gloves are mandatory for all actions related to the catering service.
- Wearing a mouth mask is highly recommended and desired by the participants (available on site).

Catering

- Welcome coffees and coffee breaks will be served individually to the participants
- New concepts were developed for breakfast, lunch and dinner with individual complete pre-packed meals
- Consumption of the individual meals should preferably take place in the meeting room

Cleaning / Technique

- Meeting rooms and common areas are cleaned and disinfected before and after each event
- Audio/video equipment is disinfected before and after each event
- Filtered (non-recycled) supply of fresh outside air to the building and meeting rooms
- Maximum ventilation of all rooms between meetings through exterior doors and windows (when possible)
- Intensive cleaning and frequent disinfection of all contact points
